

Our rack mount patch enclosures are designed for direct termination of up to 144 fibers. The RME series accommodates up to 12 modular panels and is equipped with routing guides to limit bend radius and enhance strain-relief control.

The heavy-duty metal body provides excellent protection for the inside fibers. A large variety of connector adapters are offered to meet your specific requirements. MTP module cassettes and module pre assemblies are available for easy fiber installation and management.

### Features and Benefits

- Fits 19-inch and 23-inch racks .
- 1U, 2U, and 4U available.
- Durable, clear front door for easy viewing of the interior.
- Removable top lid for easy access for 2U products.
- Front Plexiglas and rear steel doors with 1/4 turn latches to allow easy access from both sides .
- Strain-relief hardware and routing guides help maintain minimum bend radius.
- "D" shaped cutouts at front and rear for easy access of cable.
- Available fully populated with adapters, pigtailed and slice trays or unloaded.

Available Rack Mount Enclosures:

F2-RME-1X    F2-RME-2X    F2-RME-4X

# Rack Mount Enclosures

## Product Specifications

**Part No:** F2-RME-1X-EXT

**Dimensions:** Width = 17", Depth = 15", Height = 1.75"

**Port Capacity:** 6-72

1U rack mount can be loaded with up to 3 panels with 6 to 72 port capacity. Reversible mounting bracket for 19" or 23" racks. 16-gauge steel with black powder finish coat. Steel door at front and at rear with 1/4 turn latches.

Top lid removable at both front and rear. Cable management spools in the rear of the enclosure and cable management rings to the front for jumper management. Sliding tray for access to both front and rear. Large entry points at front for easy jumper management, as well as "D" shaped cutouts at rear for access of backbone cable. Accessory pack included with additional cable management, label holders and screws for securing to rack and top panels. Labeling kit included for clear and precise identification of ports.

**Part No:** F2-RME-2X-EXT

**Dimensions:** Width = 17", Depth = 15", Height = 3.5"

**Port Capacity:** 6-144

2U rack mount can be loaded with 6 panels (6-, 8-, 12- or 24- fiber panels). 19" rack-mountable enclosure available with extension brackets for 23" rack. 16-gauge steel with black powder finish coat. Removable top lid for easy access to fiber. Spools at the rear for neat and clean cable management.

**Part No:** F2-RME-4X-EXT

**Dimensions:** Width = 17", Depth = 15", Height = 7"

**Port Capacity:** 6-288

**Features:** 4U enclosure can be loaded with 12 panels (6-, 8-, 12- or 24- fiber panels). 19" rack-mountable enclosure available with extensions for 23" racks. 16-gauge steel with corrosion-resistant black powder finish coat.
